

CALL FOR PAPERS

Estonian Academy of Security Sciences (EASS) announces an open call for high-quality original articles to be published in 2021 in the academic journal *Proceedings*.

The Proceedings of the Estonian Academy of Security Sciences is a non-profit journal that publishes well-documented and analysed studies on full range of contemporary security issues, especially internal security and law enforcement. The journal is indexed in the EBSCO database as well.

The 20th issue of the *Proceedings* is focusing on **the impact of COVID-19 on internal security**. The subtitle of the next number is ***Security challenges during COVID-19: lessons learned and perspectives***.

Priority is given to works addressing this topic, however, studies based on original empirical data devoted to security issues also befit the scope of the journal (e.g. external border, future threat scenarios, safety, migration, radicalization, hybrid conflict, use of mass data, disaster management, innovative technologies and education).

Submission guidelines and related deadlines:

Submission deadline for articles: **May 15th 2021**

- Articles **not exceeding 25 pages** (1800 characters per page) should be sent to: teadusinfo@sisekaitse.ee
- **Author's guidelines** for submission can be found [here](#)
- **Information** about the journal and its **previous numbers** can be found [here](#)

Please note that each article will be subject to a double-blind peer review process and positive reviews will be a condition for the publication.

If you would like to join as a reviewer for *The Proceedings of the Estonian Academy of Security Sciences*, send us your resume via e-mail: teadusinfo@sisekaitse.ee.

We look forward to your contributions!
